Here's how:
Advanced Programme, then switched to Ultimate Programme supplemented with Personalised Protein Powder, Protein Bars, Roasted Soy Nuts, Formula 4, HerbalifeLine®, Joint Support Complex, RoseOx® Tang Kuei Plus, Xtra-Cal & LiftOff®

I was introduced to Herbalife products and the business opportunity by friends. It was exactly what I was looking for – to lose weight, to help others lose weight, and to get paid for it. I didn't feel healthy and I was always tired, with no energy, and was merely looking to lose five or six kilos.

I started out on the Advanced Programme and was really impressed when I lost 3kg in just two weeks. I felt so much more energetic than I did before. I now use every product from the Herbalife range, including the Outer Nutrition range of personal care. I am especially keen on the Protein Powder as it really helped assist me in re-shaping my body.

I've been on the products for two years now and will definitely continue for the rest of my life. My goal is to reach 78kg and I intend to maintain that weight when I get there. I have so much more self-esteem – I feel great about myself and am so much more confident.

"For me it's a lifestyle and not a diet"

With my success, I have even convinced my mother-in-law to start on the products. I have found Herbalife so easy to do, as well as being affordable and fun. For me, it's a lifestyle and not a diet! Herbalife is fantastic and I am thankful that I am able to achieve my goals simply by using the products.
